COMPOSIZIONE A REGOLA D'ARTE. THE ART OF COMPOSITION.

La purezza delle forme
tra arte e cucina.
Purity of form for the art
of kitchen design.

Il sistema di accessori per cassetti Surf disegnato da Giuseppe Bavuso si richiama espressamente alle composizioni pittoriche di Mondrian, dove la regolarità delle linee e degli incroci è in armonia con la successione di pieni e vuoti.

La funzionalità distributiva si coniuga con l'estetica di una composizione pura e rigorosa, in una perfetta sintesi di ordine e stile che sfrutta ogni centimetro di capienza del cassetto.

The Surf drawer accessory system designed by Giuseppe Bavuso specifically references the paintings of Mondrian, where regular lines and intersections harmonise with a succession of blank and coloured blocks. Convenient distribution is achieved through a composition of purity and rigour, in a perfect synthesis of tidiness and style that makes full use of every centimetre of drawer capacity.

INTERNI SPECIALI.
MILLE VARIABILI

OGNI UTENSILE.
SPECIAL INTERIORS.
A THOUSAND VARIABLES
FOR OPTIMAL STORAGE
OF EVERY TOOL.

Grazie ad una vasta selezione di elementi personalizzati (portacoltelli, portaspesie, portacapsule, portabarattoli e portapellicole) e grazie alla fruibilità dei divisori removibili e di diverse dimensioni, gli spazi all'interno dei cassetti si possono modulare e organizzare a piacere, garantendo il massimo della funzionalità e della praticità in cucina.

Thanks to a vast selection of customised fittings (knife, spice, capsule, jar and kitchen film racks) and the potentials of the removable partitions of different sizes, the spaces inside drawers can be modulated and organised to suit personal taste, to ensure the utmost convenience and practicality in the kitchen.

LA CUCINA, LUOGO
(E TEMPO) DI RITI.
THE KITCHEN, PLACE
(AND TIME) FOR RITUALS.

Il rito di apparecchiare la tavola, il rito della sperimentazione gastronomica, il rito del caffè, il rito della condivisione e dell'accoglienza.
Quando tutto è a portata di mano, ogni gesto diventa più fluido, piacevole, funzionale e la qualità del tempo e dello spazio dedicato alla cucina migliora.

The ritual of laying the table, the ritual of trying a new recipe, the coffee ritual, the ritual of sharing and hospitality. When everything is within easy reach, every gesture becomes smoother, pleasanter and more convenient, and the quality of the time and space allocated to the kitchen is improved.

ANIMA RESISTENTE, FINITURE TRASVERSALI. TOUGH CORE, VERSATILE FINISHES.

*I divisori calamitati possono essere
posizionati facilmente a seconda dello spazio
che si desidera impiegare e aderiscono
perfettamente alla superficie.*

*The magnetic partitions can be easily
positioned to fit the space to be used,
and stick firmly to the surface.*

La struttura è in alluminio anodizzato Peltrox scelto in abbinamento all'antracite della sponda Legrabox e trattato con una vernice ad alta tecnologia in modo da renderlo estremamente resistente ai graffi.

Due sono le finiture in legno disponibili per i divisori: in rovere nordic e in rovere termotrattato, per offrire grande trasversalità di abbinamento con i legni utilizzati in cucina.

The structure is in Petrox anodised aluminium chosen to match the anthracite of the Legrabox side and finished with a high-tech varnish for extreme resistance to scratches.

There are two wood finishes available for the partitions, nordic and heat-treated oak, for very versatile matching with the types of wood used in the kitchen.
